Meeting Summary for June 6 2025

President Keith Schmidt ran this meeting from the North Shore Congregational Church in Fox Point. We were in the first-floor Friendship Lounge near the front entrance door. Our usual basement meeting room was flooded during the rainstorm of August 9-10. Repairs are still in progress. There was no word on whether we would be able to return to the basement for our next regular meeting, at the church, of Friday, November 7. Recording started at 7:30 pm. Keith started the meeting at 7:30 pm. He welcomed all attendees to the first regular monthly meeting of the 2025-2026 season.

75th Anniversary Event Updates

Keith started with a summary of our "Summer of 75" (75th anniversary year) events to date. These began with a return visit to the Christopher Transportation Museum, north of Sheboygan, on Saturday, June 7. We had a good weather day, allowing us to tour the gardens.

The East Troy Electric Railroad / Museum held a Wisconsin Chapter Day on Saturday, July 19. Some early light rain ended fairly quickly. We got unlimited rides on the regular trains, a special daylight photo session with their newly restored North Shore Line dispatch / merchandise car #228 and a local antique truck, and a private evening excursion tour of the line. A 1956 Chevrolet sedan showed up at the photo session at St. Peters Road on the return leg of that trip.

We had our charter trip with Soo Line 1913 2-8-2 #1003 on Saturday, August 23. We got off to a late start because host railroad Wisconsin & Southern's regular revenue freight train was returning late. Publicity apparently had been good. There were lots of cars following the train, and people in lawn chairs waiting for it. The train ran slow enough to allow for multiple photo opportunities. Switching operations at Horicon were well observed. There were dwell-time opportunities in Hartford, Horicon, and Burnett. The trip ran as far north as Burnett, reached about 1:30 pm. Refilling the tender with coal there was well observed. This day was Cathy Wegner's birthday. We signed up one new member in Hartford. The trip banner that was applied to the back of the caboose will be auctioned off, and the proceeds donated for the preservation of Soo Line #1003.

Fall Conference and Banquet

Mike Yuhas took over for an update on the upcoming National Fall Conference, on October 3-4, 2025. The headquarters hotel will be the Hyatt Regency Milwaukee Downtown, at 333 West Kilbourn (3 blocks north of Wisconsin Avenue). Attendees will be able to sign in starting on Thursday, October 2. Friday, October 3 will have a bus trip to two local rail attractions. The first, for the morning, will be the Christopher Transportation Museum north of Sheboygan. The bus will return south for lunch at the Bavarian Bierhaus in Glendale. Then it will go southwest to the East Troy Electric Railroad / Museum. It will return to the conference headquarters hotel in the evening. Saturday, October 4, will be a day of meetings, for the Advisory Council, Board of Directors, and others, followed by a bus trip to the banquet (see below). The cost of the banquet is included in the registration cost for the fall conference. We are the host chapter for the Fall Conference. We could make or lose a little money on the event. About 30 have signed up already. That is a good sign. We got a few more today. We are looking for volunteers to handle registrations, direct attendees, and generally supervise events. NRHS National President Tony White will be in attendance. Ed Koehler from New York said that he would be coming.

Our 75th anniversary banquet will be held at the Polish Center of Wisconsin, at 6941 South 68th Street (north of Rawson Avenue) in Franklin, on Saturday, October 4, 2025. Events open up at 5:00 pm. Dinner will be served (buffet style) at 6:00 pm. The cash bar will open at 5:00 pm, and remain open through the night. We are working a getting a cake. Our featured main speaker will be noted Wisconsin rail historian and author Arlyn Colby. His main focus has been on lesser-known Wisconsin branch lines. Members can sign up and pay on line at our Chapter web site, or send us a check (at the address below). Cost is \$45.00 per person for chapter members and spouses. An e-mail with a link was sent out to all members of record on Thursday, September 4.

Miscellaneous

The key to all of the above good stuff is membership. There are three options to join or renew Chapter membership. You can pay in person at a chapter meeting. You can send a check to the chapter at PO Box 070758 Milwaukee, WI 53207 or pay \$21.00 at www.nrhwis.org

We are looking for presentations for meetings from November 7 on. Members with ideas should contact our program chair Dave Nelson at engine1385@aol.com.

We signed up one new member today: Doug Scott, who had earlier given us a presentation of operations on Cape Cod in Massachusetts. He said he might have some other material to present.

Presentations

The presentations part of the meeting began at 7:46 pm. Tonight is Members Favorite Slide (or other media) night. In-person presentations will be first. There will be four of those, followed by four remote presentations.

Mike Yuhas thanked Keith for all of his work in organizing all of these events.

Keith Schmidt, Dan Grudzielanek, Mike Janke and Dave Nelson were the in person presenters.

Remote presentations started about 8:22pm

First presenter was Dax Macklin. The chapter sponsored Dax to attend NRHS RailCamp. The chapter paid his entry fee. Dax provided a great presentation about his experience at Railcamp and thanked the chapter for the opportunity. Dax was presenting from Scotland where he will be attending school. The time in Scotland was 2:22am.

Ed Koehler, Al Baker and Mike Yuhas were the other remote presenters.

From the President

It's been a great summer of 75. Not 1975 but 75 years. The chapter has had 3 great anniversary events. Christopher Museum, East Troy Railroad and the charter of the Soo #1003 on August 23rd.

Just want to say THANK YOU !! To everyone that helped with all of these events. The Soo #1003 turned out better than I expected. The chapter chartered the steam engine to highlight railroad history and it did. People lined the tracks all the way from Hartford to Horicon and then to Burnett. There were close to 200 people in Burnett to see the 2-8-2 Mikado. It was a great day.

The crew of the #1003 were great to work with. Plans were flexible and everything ran smoothly. A dozen members took advantage of the chance to check out the cab of #1003 and the interior of the cabooses before the locomotive was but back to bed in Hartford.

75th Anniversary banquet is coming up on Saturday October 4 at the Polish Community Center. Come and enjoy some great food and good fellowship with other chapter members. Arlyn Colby, Wisconsin rail historian and author is our speaker. We will have some door prizes available to win too.

Trainfest 2025 is right around the corner

Do you enjoy talking trains with people? If so, the Chapter is looking for you. The Wisconsin Chapter NRHS will be hosting a table at Trainfest 2025 Saturday November 1st and Sunday November 2nd. This year's show is at the Baird Center in downtown Milwaukee. The show's hours are 9am to 5pm Saturday and 9am to 4pm Sunday. We would be grateful if you could help us staff the table at any time during the show. There are no specific shifts or minimum time required. Unfortunately, we do not have any free passes to the show, but if you buy online, you can save a few dollars. If you are interested in helping out please contact Ward Wells at wwardw@hotmail.com.

meeting summary continued

Conclusion

There was no count of in-person attendees at the church. 22 attending in person. Your secretary saw a peak of 29 devices connected to Zoom during the presentations.

The last presentation ended at 9:25 pm. That left very limited time to put everything away and clear the church by their requested 10:00 pm time limit. There was no opportunity for anyone to present any more "seconds." Recording stopped at 9:27 pm. Mike Yuhas, who was working from his home in Trempealeau, and was not subject to the above time limit, took over as remote host. That allowed for an informal on-line discussion group to continue until 9:49 pm.

Respectfully Submitted
Thomas W. Marcussen
